Scheduled reports are not being generated. Example: Closing reports for clients that should run beginning of each month

Subject: Closed Reports

Hello,

We have not received a full closed report since November. We used to get them weekly and end of month in the Document Transfer / Download section under “Company”.

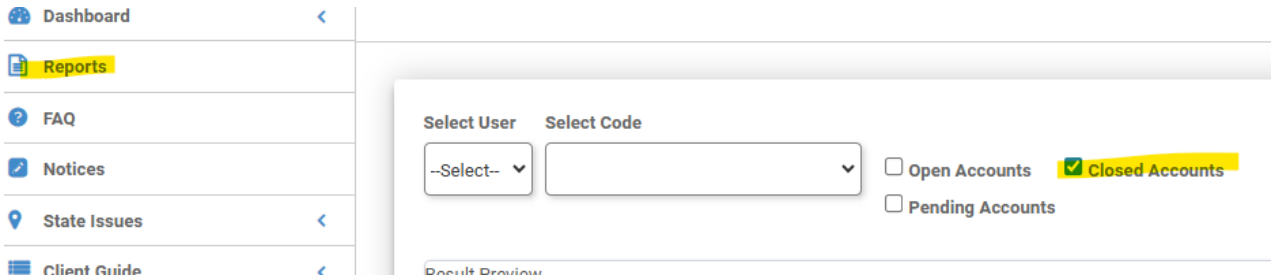
Also, the “My Downloads” option seems to be deactivated as well. I wanted to make sure that was reflected on both ends and that we are not missing documents.

The last report received as 12/26 and it only listed one account.

☐		Closing_Report_Clients_Weekly_Select_Clients(12-26-2025 11:38:38.153)	xlsx	4.8K	12-26-2025

I want to make sure we are not missing a report / what process we should be using moving forward to capture these.

I can run the run the Open Inventory report selecting the closed accounts to capture them this way, however I want to make sure this is accurate.



Attached is the most recently run closed report with anything closed in Nov, Dec, and Jan that we were unaware of and still have with AACA.

Can you please confirm all of these accounts should be closed with both AACA and the Firms and I will get them updated in our system.

Thank you!

Thanks,

Emily Hitchings
